

CAPABILITY STATEMENT

www.twiteparker.com

We **prevent failures** and **deliver outcomes** for **private sector firms** and **federal agencies**. For **20+ years**, we've helped our clients ensure mission-critical programs and technology investments succeed. From digital and AI transformation to cybersecurity, data, and mission execution initiatives, our approaches and solutions have proven effective. We have earned **"Very Good" or better on 98% of our client ratings** and operate within an **ISO 9001:2015-certified Quality Management System**. As technology-minded business professionals with a knack for finding the best resources, we don't just deliver successful IT and programs, we deliver peace of mind.
